

SMPW Ends

Custom Fabricated Replacement Ends

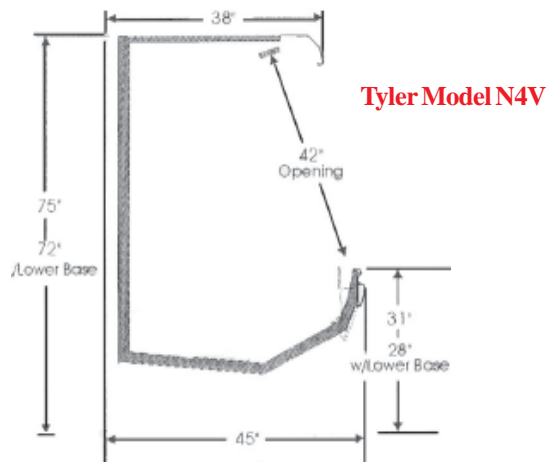

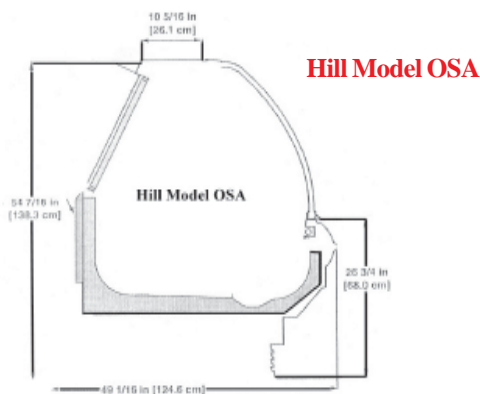

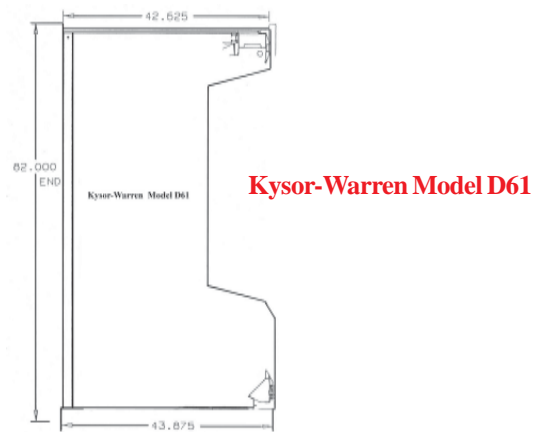

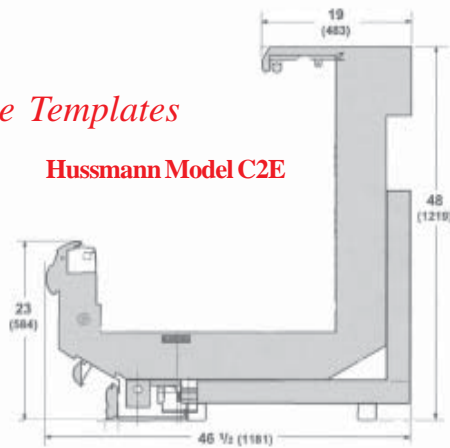

SMPW Case Ends come to you in two different varieties, factory original remanufactured and replacement ends that we build ourselves. In either case, we have the end to fit your case. The price listed includes primer, matched paint spec., and/or mirror finish on both sides.

When ordering ends you will need to send a hard copy to our office, with the following information:

- Case Model Information** / Or Dimensions of Ends
- Inside & Outside Color** (By Color, Paint Chip #, Primed, Mirror Finish)
- Quantity & Sides Needed**
- Shape** (Contoured or Square)
- We also offer *Chrome* or *Black*, or **Gray End Trim** available upon request

Your replacement ends are shipped on a covered pallet by common carrier within days of your order. SMPW replacement ends are available for All Hill, Hussmann, Tyler, & Kysor-Warren Models. However, please specify whether or not you have a custom case, (ex: Special Order Triple Canopy Light) so that we can build to spec.
